Basis for Intervening:

The Board of Lake County Commissioners, Polson, MT, respectfully request that FERC grant our request for Intervener Status in the Request for rehearing of Montana Land and Water Alliance of the Sept. 1, 2015 order that issued a temporary license to the CSKT and Northwestern Energy to operate the former Kerr Dam. We were granted Intervener Status in the Kerr Hydroelectric Project, FERC No. P-5-094, and are of the opinion that the rehearing will revisit issue(s) that are vitally important to Lake County.
